

The Brimhall Protocol

XTREME Wellness

**Featuring:
XYMOGEN Science
& The Six Steps to Wellness**

Experience exceptional teaching. Acquire the tools necessary to achieve exponential growth in yourself and your practice.

XYMOGEN has partnered with Dr. John Brimhall, a nationally recognized chiropractor, to provide continuing education training to practitioners worldwide. This event will combine XYMOGEN's innovative science with Dr. Brimhall's protocols to improve practitioners' understanding of how to teach patients to live a healthy lifestyle in an unhealthy world. The Six Steps to Wellness, created by Dr. Brimhall, is an evaluation and treatment system that treats the whole patient through structural adjustments, detoxification, electromagnetic pollution therapies, managing sensitivities, nutrition, and emotional stress release. Dr. Brimhall's innovative patient evaluation and treatment methods, used by chiropractors and other physicians across the country, have earned him the nickname "Father of Wellness in Chiropractic" by *The American Chiropractor* magazine. Dr. Brimhall's comprehensive program—the result of 35 years of intensive research—is your key to better health.

The Brimhall Protocol

What Will Be Taught?

- » Structural Corrections That Are Easy on the Doctor and the Patient
- » Correcting Chronic and Acute Pain, TMJ, Thyroid Conditions, Blood Sugar Regulation
- » Fascial and Scar Tissue Release with Cranio-Sacral Balancing
- » Advanced Nutrition for Increased Results

John W Brimhall, BA, BS, DC, FIAMA, DIBAK

Dr. John Brimhall graduated cum laude with a doctorate in Chiropractic from the Palmer College of Chiropractic in 1971. Known in the chiropractic field as the “Father of Wellness,” Dr. Brimhall has pioneered the most advanced program for improving treatment outcomes. The Six Steps to Wellness program being taught today encompasses what he has learned over the years. Doctors trained to use Brimhall protocol report tremendous improvements in their practice: healthier patients, enhanced profits, and more self-confidence when faced with difficult cases.

Dr. Brimhall has been lecturing with some of the world’s greatest advocates of health and wellness since the 70s. He is a best-selling author of *Solving the Health Puzzle with the 6 Steps to Wellness*, a researcher, and a consultant. He has also patented two chiropractic instruments and has formulated more than 100 nutritional supplements.

Dr. Brimhall recently joined the XYMOGEN Medical Board of Advisors as its Director of Educational Development.
